Hi there !
Welcome to Wild Zebra

About Wild Zebra

Wild Zebra is an AI-driven learning platform that uses standardized assessment data to identify student learning needs and deliver targeted, standards-aligned practice. Our system personalizes question sets and guides students through each problem using a Socratic conversation model designed to build critical thinking and independent problem-solving skills. By focusing on what each student needs next, Wild Zebra supports more efficient, focused learning—grounded in data, driven by curiosity.

Onboarding Guide: Student Side

Follow these instructions to navigate Wild Zebra and track your progress using assessment-informed, standards-aligned learning paths. This guide will walk you through our platform setup and tutor interactions.

User Login

Access Point: Wild Zebra Authentication Screen

Instructions:

1. Navigate to the Wild Zebra login page: http://tutorapp.wildzebra.com
2. Log in through "**Continue with Google.**"

Note: All teachers and students are pre-registered in the system. ERB scores are automatically uploaded.

Interests Onboarding

1. Choose from the displayed list of interests **or**
2. Input custom interests manually:
   - Click the **interest entry box**
   - Type an interest and press **Enter**
   - To enter multiple interests at once, separate them using commas

Tip: Encourage students to be specific (e.g., favorite subjects, hobbies, dream careers, favorite sports teams)

Note: *The more detailed their interests, the better their experience will be!*
Choose your interests

Tell us about your interests so we can create personalized content just for you!

🔍 Cooking 🏈 Kansas City Chiefs 🎮 Ohio 🎮 Minecraft

📈 Disney 🍣 Sushi 🧁 Inventions ⚽ Premier League 🐾 Pugs

✏️ Harry Potter 🏎️ Lamborghinis 🏴‍☠️ Pirates 🚀 NASA

🖌️ Slime

Other Interests

Bagels ⊗ Pizza ⊗ March Madness ⊗ Type in other interests you would like to sha ✕

Math   Reading

Practice Interface

Before students see the question, an image related to the question will appear on screen for ~2 seconds. **These images are AI-generated and may have some small flaws.**

Layout:

- **Left Panel:** ERB-style question display
- **Right Panel:** AI-powered tutor (chat interface)

Functionality:

- Students may ask clarifying questions at any time
- Tutor responds in real-time, guiding the student through the problem-solving process using the Socratic Method
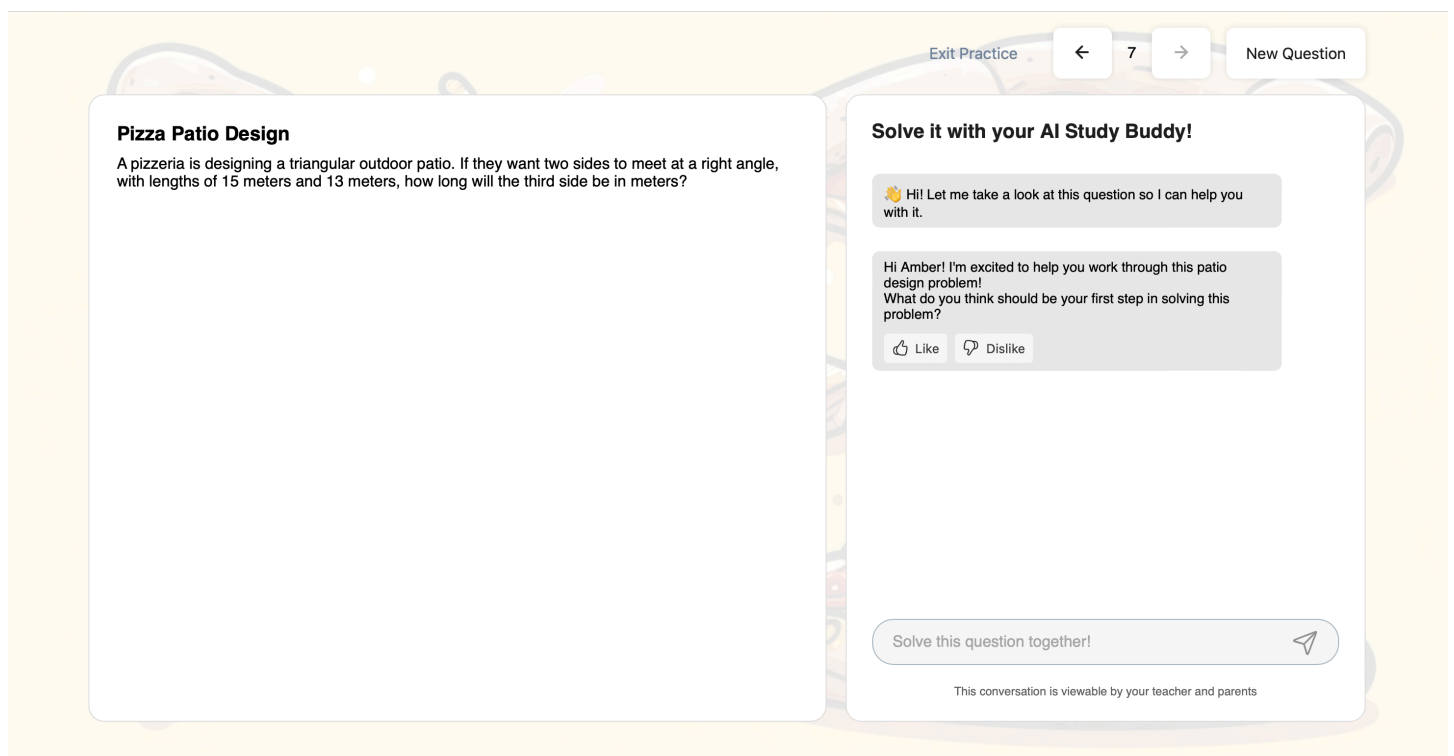

Completing a Practice Question

- To support learning reflection, **a pop-up module appears after every 5 completed questions.** It celebrates progress and prompts the student to reflect with:
  - "What did you learn from the problem?"
  - "A star rating for 'How was the conversation?"
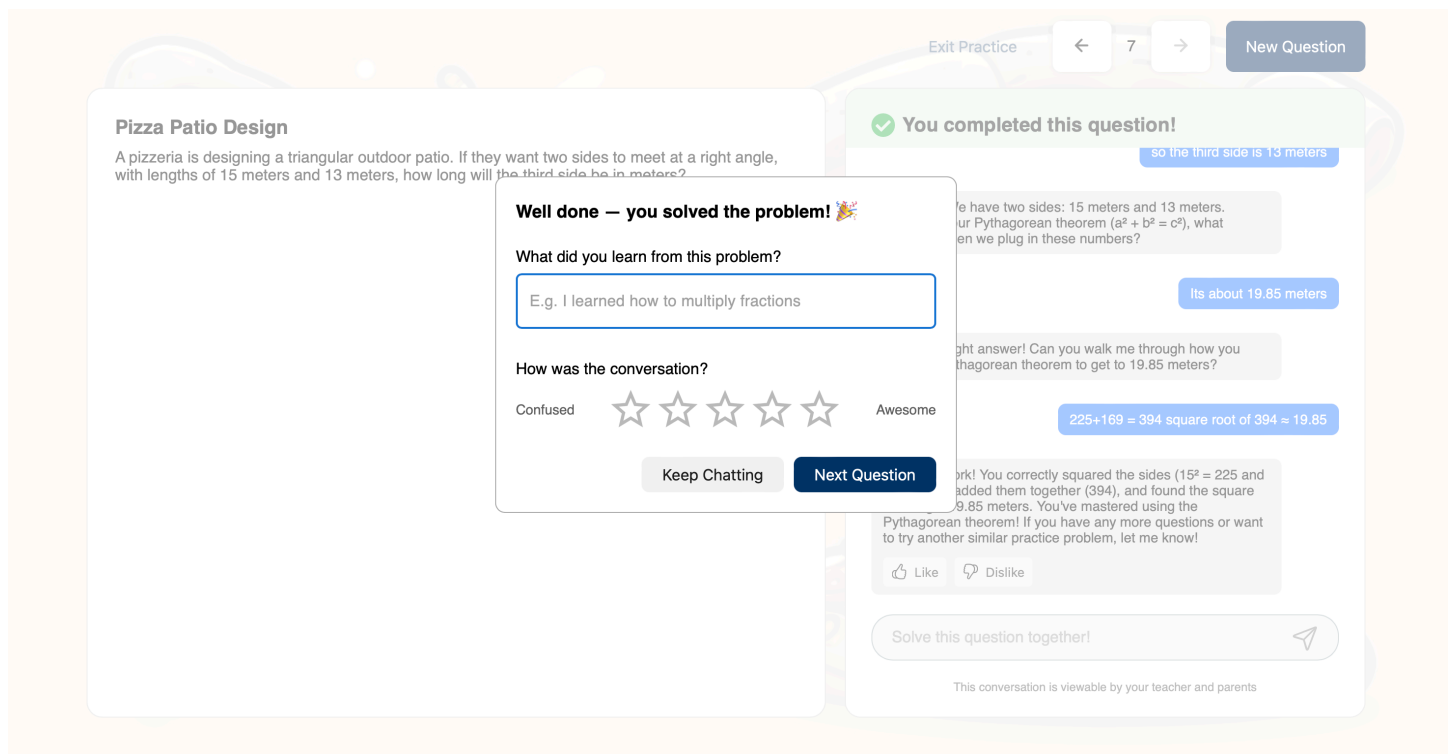

Additional Tools and Settings

Access Point: Click on the User Initials (located in the top right corner)

Available Options:

- **Profile Information**
- **Interest Management:** Students can access Interest Management at any point to change, subtract, or add to their personalized interests.
- **Practice History:** In the **'Practice History'** page, students can review past questions and conversations. Students may choose to look at completed conversations for review, or reengage with the tutor in 'In Progress' sections.
  - **Tip:** To sort through conversation data, press the category you wish to re-sort (Topic, Subject, Date, etc.) and you'll see a variety of ways to resort the conversations.
